PROGRESS REPORTS

Willmar/Willmar Industrial Park. Aaron Backman reported the grant agreement for the Willmar Wye TIGER grant has been fully executed. The parties are now working on the design/build schedule. Bruce Peterson reported the City of Willmar has been contacted by contractors wanting to take dirt from the project. Excavation and fill for the Highway 12 portion of the project will begin in 2018 and final dirt shaping and road work will be done in 2019. Rail work will begin after the road work is completed, possibly in 2019 with completion of the Wye project expected in the latter part of 2020. The City of Willmar has not yet signed the Master Cooperative Agreement. A 600' side track will come off the rail line, but the spur will not be completed until a business that needs a spur locates in the Industrial Park. Peterson stated all of the parties continue to hold conference calls in which Backman has been participating. Local contractors have been given an opportunity to bid on the Wye project and some will be subcontractors.

Peterson stated the City of Willmar continues to work on the Buhler sale. The plans for Magnum were approved and they are now reviewing the site plans; the City of Willmar agreed to pay Magnum a maximum of \$30,000 for soil mitigation costs. The Willmar City Council will look at the Industrial Park Write-Down Policy and its Business Subsidy Agreement to increase the base wage from \$12 per hour to \$14 per hour. Peterson and Backman continue to work on fine tuning a First Street redevelopment project; the developer is still reviewing its property costs. Peterson met with two housing developers looking at buildings with 100 units each—one for workforce housing and one for upper scale/market-rate housing in southeast Willmar with mixed use. Kwik Trip is looking at three sites in Willmar, two of which would be on former Mills properties and the third will be a 9,000 sq. ft. truck stop at the former Cenex on east Highway 12, the use of which the Willmar Planning Commission approved. The Nelson family has removed their downtown building and cleaned up the property, which has made the property marketable.

Business Retention and Expansion Grant for Diverse Businesses. Backman reported he completed 18 diverse BRE site visits (9 Somali, 1 Asian and 8 Latino) and developed lists of Latino and East African businesses in Willmar. The visits have been beneficial. Backman noted 55% of the Somali businesses are located on Litchfield Avenue and 23% are on Fourth Street with most being concentrated in downtown Willmar. The Latino businesses are more dispersed with 18% located on Litchfield Avenue, 15% on Highway 71 and 67% in other areas of the community. Most of the Asian business are located on First Street south of Affiliated Community Medical Centers. Backman stated some Latino businesses have been in operation 20 years; 37% have been in Willmar more than 10 years and 15% started in the last 18 months. Most Somali businesses have been operational less than 10 years. Both Latinos and Somalis have food-related businesses. A significant number of Latino businesses are also in auto repair sales and service and contractors and for Somalis it is in transportation and cell phones. On average, Latinos own their buildings and Somalis rent. Backman will provide a written report to Southwest Initiative Foundation and the EDC boards. Backman stated the Bush Foundation and Bremer Foundation have also shown interest in the results of these visits and may be interested in offering additional grants.

MinnWest Technology Campus. Backman reported Mr. B Chocolatier was acquired by Brian Bollig and is reopening in the former bakery on the MinnWest Technology Campus (MWTC). The plan review was approved by the Willmar City Council in June. Backman informed the board he had a mold of the EDC logo made for future use in marketing. He will give away EDC chocolates at the

annual meeting of the Minnesota Association of Professional County Economic Developers (MAPCED) to be held in Willmar on September 22, 2017. Connie Schmoll reported MWTC purchased two buildings from the State on July 1 and the State is now renting those buildings. The Animal Science Conference will be held again this fall.

Highway 23 Coalition. Backman distributed a map showing the end points of the Highway 23 corridor (<u>see</u> attached). The Highway 23 Coalition Executive Committee will meet July 20th at McKale's Restaurant in New London to look at membership structure and dues. Counties, communities and businesses along the corridor will be asked to be members of the Coalition. The main priority will be completing the two gaps and the second priority is highway improvements from Marshall to Willmar. The Coalition will look at obtaining funds approved by the state for Corridors of Commerce. The Coalition is planning an event for August or September to which Congressman Collin Peterson, Minnesota Department of Transportation Commissioner Charles Zelle and others will be invited to attend. Les Heitke suggested a lobbyist may be of benefit to the Coalition to obtain federal transportation funds.

Glacial Ridge Hospitality. Backman reported Glacial Ridge Hospitality has raised the needed equity of \$2.35 million and is now working on the purchase agreement with Little Crow Country Club. Backman is working on the abatement documents.

Business Visits and Meetings. Backman reported he participated in the Chamber Connection at United Prairie Bank in Spicer; met with a business interested in Historic 313; and continues to work with First Street redevelopment. Both Backman and Schmoll attended the quarterly meeting of MAPCED in Alexandria that included a tour of the high school, which was designed to develop future workforce. They also both attended the Economic Development Association of Minnesota summer conference in Nisswa and training on the Transportation Economic Development (TED) Program. Schmoll reported 15 individuals attended the EDC Ag Committee's "Speak for Agriculture" presentation by Natasha Mortenson. Schmoll helped with Willmar Lakes Area Chamber of Commerce Agribusiness Committee's events; attended the Midwest Farm Energy Conference in Morris and helped facilitate a bus tour of Willmar during Willmar Fests. She participated in a GrowthZone presentation, a program similar to Synchronist, but discovered it was more geared to chambers. Schmoll attended a Blomkest City Council meeting; visited the Happy Family Asian Grocery and has had several meetings regarding the county broadband project and marketing the sign-up and deposit deadline of July 21, 2017.

UNFINISHED BUSINESS-

Commonwealth Development 15th Street Flats. Backman reported Commonwealth Development submitted an application to the Minnesota Housing Finance Agency (MHFA) for tax credits. A second application was submitted to MHFA by Southwest Minnesota Housing Partnership for rehabilitation of the Hanson Apartments on Lakeland Drive. Backman believes a decision on the projects will be made in October and it is unknown if MHFA will approve both projects.

County Tourism Development Account. Backman reported he contacted Beth Fischer of the Willmar Convention & Visitors Bureau (CVB) as to a possible water trail in the county or a kayak launch. Fischer will attend the August board meeting to give an annual report and provide

information on a kayak launch. Backman distributed a photo of a DNR kayak launch in the Fergus Falls area (see attached).

NEW BUSINESS-

Business in Focus Magazine Article. Backman reported that instead of placing another ad in the *Thriving in the North* magazine published by the Minnesota Department of Employment and Economic Development, a feature article on Kandiyohi County will be printed in the *Business in Focus* magazine at no cost to the EDC. To cover the cost of the article, the publisher contacts area businesses to advertise in the publication. Backman provided the publisher with a list of businesses to contact for advertising and prepared a letter of introduction for the publisher.

2018 Preliminary Budget. The board reviewed the proposed 2018 preliminary budget, which includes a 3.2% increase (see attached). The main increase is to employee compensation. Backman took into account a suggestion last year by the Joint Powers Board that staff may need to contribute to their health insurance in the future. Thus, the proposed budget has a 9% increase for health insurance and any increase above that cap would be paid by staff. The budget includes a salary increase for Schmoll based upon a performance evaluation he conducted with her. Schmoll has a strong ability to manage several tasks at a time, is willing to attend continuing education courses, helped develop a successful angel fund and is detail orientated.

IT WAS MOVED BY Gary Gilman, seconded by Rollie Boll, to recommend to the Kandiyohi County and City of Willmar Economic Development Commission Joint Powers Board that it approve the 2018 proposed levy of \$514,600 and total budget of \$572,540. MOTION CARRIED.

Capital Request for CSAH No. 55 Bridge. Backman reported Mel Odens, Kandiyohi County Public Works Director, applied for a \$3.9 million capital request on behalf of Kandiyohi County to the State of Minnesota for construction of an overpass on CSAH 55 at the south end of the Willmar Wye railroad bypass. The EDC provided information for the county's application and obtained letters of support. The project was mentioned in an article in today's *West Central Tribune*.

COMMITTEE REPORTS

Agriculture and Renewable Energy Development. Rollie Boll reported Bushmills recently gave a tour and indicated it received approval for expansion.

Business Retention and Expansion/Recruitment. Peterson reported Fox Hole Brewhouse was recently awarded two medals in the 2017 U.S. Open Beer Championships, a gold and a bronze. Backman gave an update on Historic 313 and distributed a map of the site (see attached). Construction for the Spurs restaurant has started and another business looked at a space in Historic 313, as well as at two locations on First Street. Backman reported the City of Willmar issued permits for Midtown Plaza so renovation of the building will begin.

NEXT MEETING—The next board meeting is **11:00 a.m., Thursday, August 10, 2017**, at the Community Center in Raymond.

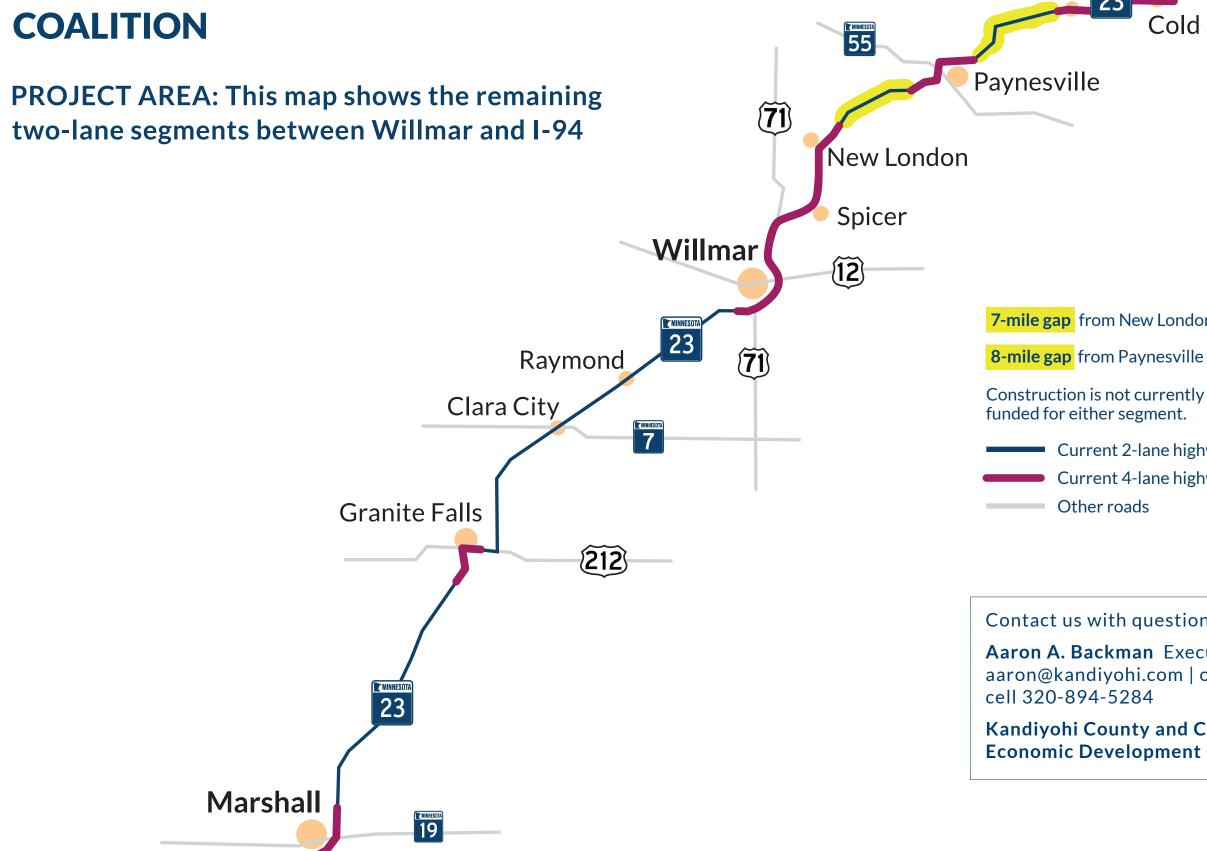

ADJOURNMENT—There being no further business, the meeting was adjourned at approximately 1:23 p.m.
